

Thank you for your prayer and support as we traveled to Edmonton Alberta for the annual conference this year. We have 3 Caring for the Heart offices in Alberta and the interest across the prairies is growing. The host church Heartland Alliance was amazing in accommodating our needs for

the seminar in setting up for workshops and the evening sessions. We were blessed to meet with past acquaintances and new friends as we taught workshops and as Bob did some of the main sessions. We also looked after the resources for the conference.

This has been a busy year for us. As we continued to minister we also moved twice and are now settled in Wingham. All boxes are not emptied but the downsizing continues. We were also blessed this year with a new son-in-law. Our youngest daughter got married September 16 and it

was a great celebration as we were able to connect again with family and friends. Our youngest son is off to University in Michigan and we have been officially empty nesters for one year.

Our ministry is growing, please pray that there will be others that come alongside and can help us. We have three women counsellors now that meet the needs of our women clients that are calling the office for help.

The people that are reaching out for help would not be getting help if it wasn't for our supporters who support financially and through prayer. Thank you for standing in the gap.

*Bob & Gwen*

**Proverbs 11:25 The generous will prosper, those who refresh others will themselves be refreshed**
