Caring for the Heart Ministries Canada Fall 2016

Where is God in the Hard Places of Life's Journey?

We were reminded when doing a conference and counselling recently that God is there. We know that He's there but as people relate their stories, far worse than we've ever experienced, eventually we ask them the question:

"Where was Jesus when this was happening to you?"

They don't hesitate to say in prayer where HE was and how He was comforting them.

It could give one the shivers.

If it wasn't for our humanness in storing up bitterness, nursing our pride, and succumbing to the flesh; we would remember that HE was there, carried us and is carrying us through the hardest times in our lives.

Pray for the dear people we meet on a regular basis - that they will be able to remember that HE WAS THERE in the hard places of their life, and if they don't know him as their Saviour they will realize HE IS HERE to give them a new life in Him.
